

# Under Bridge Maintenance Unit

**2.5m - 4.2m Platform**  
min max

**UBM 3 & 10**

**DOWN UNDER  
BRIDGE  
UNITS**

0488 020 070

## Machine Specs

Max Platform length under bridge	2.5m - 4.2 m
Max Platform length alongside bridge	4.2 m
Max lowering depth	4 m
Width of platform	1 m
Side walk clearance	2.2 m
Hand rail / Barrier max clearance	4 m
Set up width required on bridge	2.3 m
Max load at end of telescopic platform	120 kg
Safe working load across platform	350 kg
Rotation of platform under bridge	180°degrees
Deployment side	Left / right and rear

## Truck Specs

Traveling height (stowed)	4.2 m
Traveling width	2.3 m
Traveling length	8.5 m
Overall weight (approx)	10,400 kg

m = Metre  
kg = Kilogram

## Additional Equipment

- Generator 6KVA (silenced)
