

# Under Bridge Maintenance Unit

**4m - 7m Platform**  
min max

**UBM 6**

**DOWN UNDER  
BRIDGE  
UNITS**

0488 020 070

## Machine Specs

Max Platform length under bridge	4m - 7m
Max Platform length alongside bridge	4m
Max lowering depth	5.5m
Width of platform	1m
Side walk clearance	1.3m
Hand rail / Barrier max clearance	2.4m
Set up width required on bridge	2.5m
Max load at end of telescopic platform	200 kg
Safe working load across platform	400 kg
Rotation of platform under bridge	180° degrees
Deployment side	Left and right

## Truck Specs

Traveling height (stowed)	3.75m
Traveling width	2.5m
Traveling length	8.1m
Overall weight (approx)	9,400 kg

m = Metre  
kg = Kilogram

## Additional Equipment

- Generator 6KVA (silenced)
